About me

Marital status: Single
Date of birth: 15. 9. 1987
Location: Prague / Rakovník, Czech Republic, European Union
Driving license: B

I deliver secure and efficient applications for web, Android, and iOS, focusing on **JavaScript**, **TypeScript**, and (No)SQL databases. My frontend expertise covers **Angular**, **React**, and **Vue**. On the backend I build scalable systems in **Node.js**, **PHP**, **Python**, **Java**, and Go using **REST/GraphQL APIs**, **HTTP/2**, or **WebSockets**. I deploy to cloud platforms with **Docker** and **Kubernetes**. In my free time I explore chatbots and AI as a strong personal passion a contribute to the community.

I design application architectures from scratch, including cloud infrastructures on **Microsoft Azure**, **AWS**, and **Linux (Debian, RHEL)**. I build motivated teams, set up effective processes, drive agile delivery, and implement **CI/CD** best practices for performance and scalability.
